

All Angels WI News 2013

December ~ We're in the Mirror (11th December 2013) - [click here](#)

~ There was a great turnout for our evening of festive wreath making. Everybody was supplied with a metal ring, a bag of moss and a plentiful selection of greenery and given a quick demonstration on how to put it all together. The results were fantastic; look out for them on doors in December! We were also joined by journalist Polly Hudson from The Mirror and the NFWI's Head of Communications, Charlotte Fiander.

Wreath making

October ~ Members enjoyed cheese tasting and a very interesting talk by local cheese maker Ceri Cryer.

~ All Angels WI joined members of Kington St Michael WI on Saturday 5th October to plant spring bulbs in the village. These new bulbs are to replace the ones that were removed by the recent gas works near The Ridings with a grant of £100 from British Gas. Luckily there was a good turn out from both WIs as there were over 500

daffodil bulbs to plant. Well done to everyone who helped as it was hard work digging holes on that bank!

It was also a lovely social occasion and enabled members of both WIs to get to know each other better.

(Bulb planting, 5th October '13)

July ~ July's meeting was spent learning about the art of spinning wool.

(Liz McCarron teaches spinning)
